Your pet is prone to similar digestive upsets as humans. Food intolerances, allergies, illness, poor quality commercial pet foods and more can all contribute to maldigestion, gas and bloating. Use Probiotic 8 Plus daily to ensure your pet's digestion is at peak performance.

DOSAGE FOR ANIMALS:

10 - 50 Lbs ½ to 1 scoop (2-4g) daily

> 50 Lbs 1 to 2 scoops (4-8g) daily.

Sprinkle on top of, or mix dose into ¼ of pet's usual food serving; follow with the rest of food serving to ensure pet will ingest full dose. Provide clean drinking water.

Do Not Refrigerate

Probiotic 8 Plus is manufactured under strict GMP standards and contains no dairy, yeast, corn or wheat.
